LWEA knows that you are already swamped with paperwork, have questions that need answers, and that you need to figure out which retirement plan works best for you. And we've got something to help you!

LWEA is offering an information session for teachers who are new to LWSD. We're bringing in an expert from the Retirement Board who will help explain the similarities and differences of the plans and will answer your questions. You only get to make this decision once—come get the information you need!
