

Lake Washington Education Association

Newbie Nights

A professional development series for newer teachers

November 3, 2016 (4:30 - 7:00 PM)

Navigating the use of technology in your classroom

With the help of experienced LWSD educators, we will navigate LWSD technology resources: Inform, Haiku, Envision, Wonders, Skyward, Portal, and more to help you utilize these tools to improve your instruction and professional practice.

Participants are encouraged to bring a laptop or other electronic devices in order to gain some hands-on practice and skill building.

We'll also have these sessions:

- January 12, 2017—Difficult Conversations & Family Parent Engagement
- February 9, 2017— Creating a Culture of a Positive Classroom
- March 9, 2017—Potpourri
- April 27, 2017—Pathways to Certification

Look for more about these sessions and other professional development opportunities in the Update (the weekly LWEA newsletter) and on the LWEA website (lakewashingtonea.org).

Do you wake up in the middle of the night worried about how to engage that reluctant learner or handle a difficult parent? Do you often wonder if you'll ever not be so tired? Or how on earth you are ever supposed to get everything done with the limited amount of time in the day? Then this series of professional development opportunities is just for you.

LWEA is sponsoring 6 evening sessions designed specifically for teachers with 6 or fewer years of teaching experience.

We'll provide you with hospitality, dinner, and an opportunity to hear from experts on various topics as they share strategies for surviving your first few years in the classroom.

Please join us in connecting and collaborating with others new to the profession. Find out how LWEA, WEA, and NEA can help support you in your profession.

To register: Contact [Sheila Hagerman](#) in the LWEA office by e-mail (shhagerman@lwsd.org).

Lake Washington Education Association
