

Trump nominates stunningly unqualified Secretary of Education

In a move that will have a profound impact on public education, Donald Trump announced that he is appointing Betsy DeVos as his Secretary of Education. DeVos, a Michigan billionaire heir to the Amway fortune, has never attended a public school, did not send her own children to public schools, and has no background or experience in education.

More troubling is that DeVos has spent almost 30 years attempting to dismantle, destabilize, and defund public education. DeVos has used her extraordinary wealth to undermine public schools and, in doing so, has harmed students. She and her family have spent millions to promote failed private school vouchers and unaccountable for-profit charter schools while working to destroy funding for public education.

Although DeVos argues that children's ZIP codes should not confine them to failing schools, she has focused very little energy on improving public education. Her advocacy---and her money---is directed almost exclusively towards moving students and funding out of public schools. According to the Detroit Metro Times, the DeVos family has invested at least \$200 million since 1970 in conservative causes through various think tanks, political action committees, and advocacy groups. Her long-time goal has been to completely dissolve the Detroit Public School district.

DeVos has been one of the biggest financial and political backers of charter schools in her home state of Michigan. Due in large part to DeVos spending on lobbying and political contributions, Michigan now sends \$1 billion of public school funding to charter schools each year. 80% of those schools are run by for-profit companies and organizations.

We know that as a candidate, Donald Trump proposed steering \$20 billion in existing federal money toward vouchers that parents could use to help pay for private or religious schools. A top target of his is Title I money that goes to public schools serving the nation's most disadvantaged students. With Betsy DeVos as his education secretary, his campaign platform stands a much better chance of going from crazy idea to devastating reality.

Lily Eskelsen Garcia, president of the National Education Association, is asking all NEA members to sign an open letter demanding that the Secretary of Education and every elected official uphold the vision for high-quality public schools for every student. Act now to make your voice heard!

Working less than 1.0 FTE?

Have you thought about working less than full-time but didn't know how that would affect you? Making plans for the next school year? LWEA has an informational brochure that answers those questions and much more.

The brochure includes information on salary, benefits, dues, and calendar issues. You can also find that same brochure on the [LWEA website](#) and the LWSO Portal.

Deadlines to keep in mind

- Feb 15 Requests for **transfers and reassignments** for 2017-18 due in Human Resources.
- Feb 16 Requests for **job shares** for 2017-18 due in Human Resources.
- Feb 16 Requests for **leaves of absence** for 2017-18 due in Human Resources.

The district will send out electronic forms in January to use for your transfer or reassignment request. Do NOT send any requests now.

LWEA strongly recommends you put in for a transfer if you think there's ANY chance you might want to change schools and/or assignments next year.

Remember, you can always remove your name from the list if you change your mind, but you can't add your name after the deadline.

What can bargaining do...

Then: When teachers used all of their sick leave due to their own or a family member's serious illness or injury, there was no process to allow other people to give additional sick leave.

Now: Educators who have used all of their sick leave due to serious illness or injury can request shared leave. Other district employees (both certificated and classified) can donate sick leave to allow the person to remain at home to recover.

Upcoming bargaining input meeting

Teachers who have 5 or fewer years of teaching experience are invited to attend a special bargaining input meeting on Wednesday, December 14. The session will take place in the LWEA meeting room #214 at 4:15 PM.

Directions are [here](#). We encourage you to attend!
