Addendum: Instructional Quarantine LOU's

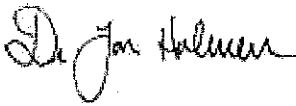

(Elementary, Secondary, Special Education, Pullout Quest, Elementary Multi-Lingual, Safety Net)

LWEA and LWSD agree that the instructional quarantine remedies will be adjusted to reflect the following two (2) statements. This agreement will be retroactive, and remedies will be applied for the entire 2021-2022 school calendar year.

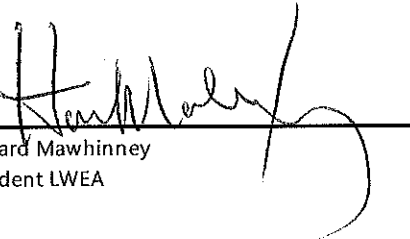

F. Instructional Supports Remedy

1. Teachers, including long-term substitute teachers, will be compensated for providing instructional supports to students in 4-14 day quarantine or isolation. Payment will be dispersed in the August pay warrant.

3. The district will communicate a process once the compensation is included in the pay warrant for teachers to request a review of the remedy should there appear to be an error in calculation.
